OFFICE OF CHEMICAL SAFETY
AND POLLUTION PREVENTION

SEP 30 2013

Mr. Steven E. Rogosheske
Chem-Tech, Ltd.
4515 Fleur Drive #303
Des Moines, IA 50321

Subject: Amended Reregistration Label
Product Name: Prozap Final Fly-T Horse Spray & Wipe-On Insecticide
EPA Registration Number: 47000-159
EPA Decision Number(s): 411899

Dear Mr. Rogosheske:

The Agency, in accordance with the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, has completed reviewing all of the information submitted with your application to support the reregistration of the above referenced product in connection with the Pyrethrins and Piperonyl Butoxide RED(s), and has concluded that your submission is acceptable.

NOTE: This product is **not** being reregistered under sections 3(c)5 and 4(g) of FIFRA at this time.

Please note that the record for this product currently contains the Confidential Statements of Formulation (CSFs) listed below. Any previously dated CSFs are superseded.

- Basic CSF, dated [October 9, 2009]

A copy of your label stamped "Accepted" is enclosed along with copies of the acute toxicity and product chemistry reviews completed for the subject product. Products shipped after 12 months from the date of this amendment or the next printing of the label whichever occurs first, must bear the new revised label. Your release for shipment of the product bearing the amended label constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e).

If you have any questions about this letter, please contact Dani Daniel at (703)305-5409 or via e-mail at daniel.dani@epa.gov

Sincerely,

Richard J. Gebken
Product Manager (10)
Insecticide Branch
Registration Division (7504P)

Prozap[®] Final Fly-T

Horse Spray and Wipe On Insecticide

*Editors note: Text in brackets [] are optional marketing claims or wording – the final label may include some or all of the optional text.

[SYNGIZED PYRETHRIN]

[CONDITIONS COAT]

[AIDS IN GROOMING]

[CONTAINS CITRONELLA]

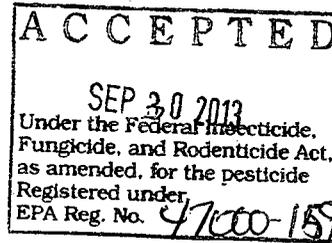

[KILLS AND REPELS: HORN FLIES, STABLE FLIES, HORSE FLIES, DEER FLIES, HOUSE FLIES, FACE FLIES, MOSQUITOES, AND GNATS]

ACTIVE INGREDIENTS:

Pyrethrins.....	0.1%
*Piperonyl Butoxide.....	1.0%
Butoxypolypropylene Glycol.....	15.0%
**OTHER INGREDIENTS.....	83.9%
TOTAL	100.0%

* (butylcarbityl) (6-propylpiperonyl) ether and related compounds.

** Contains petroleum distillate

KEEP OUT OF REACH OF CHILDREN CAUTION

See First Aid Statement on back [side] panel

FIRST AID

- If on skin or clothing: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call poison control center or doctor for treatment advice.
- If in eyes: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.
- If swallowed: call a poison control center or doctor immediately for treatment advice. Do not give any liquid to the person. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

Have the product container or label with you when calling a poison control center or doctor or going for treatment. For information regarding medical emergencies or pesticide incidents, call the National Pesticide Information Center at 1-800-858-7378.

Note To Physician: Contains petroleum distillate – vomiting may cause aspiration pneumonia.

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS & DOMESTIC ANIMALS

CAUTION: Harmful if absorbed through skin. Causes moderate eye irritation. Avoid contact with skin, eyes or clothing. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals.

ENVIRONMENTAL HAZARDS

This pesticide is extremely toxic to aquatic organisms including fish and invertebrates. Drift and runoff may be hazardous to aquatic organisms in water adjacent to treated areas. This product may contaminate water through runoff. This product has a potential for runoff for several weeks after application. Poorly draining soils and soils with shallow water tables are more prone to produce runoff that contains this product.

This pesticide is highly toxic to bees exposed to direct treatment on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds while bees are actively visiting the treatment area.

Do not apply directly to water, to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment wash waters or rinsate.

Personal Protective Equipment (PPE)

Mixers, loaders, applicators and other handlers must wear:

- Long-sleeved shirt and long pants
- Shoes plus socks
- Chemical resistant gloves (such as those made from Barrier Laminate, Nitrile Rubber, Neoprene Rubber, or Viton – Selection Category E).

User Safety Requirements

Follow manufacturer's instructions for cleaning and maintaining PPE. If no such instructions for washables exist, use detergent and hot water. Keep and wash PPE separately from other laundry. Discard clothing and other absorbent materials that have been drenched or heavily contaminated with this products concentrate. Do not reuse them.

User Safety Recommendations

Users should wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet. Users should remove clothing/PPE immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing. Users should remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing.

PHYSICAL OR CHEMICAL HAZARDS

Do not use, or store near heat or open flame.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with it labeling.

RESTRICTIONS

Except when treating horses and ponies, do not enter or allow others to enter treated area until vapors, mists and aerosols have dispersed, and the area has been thoroughly ventilated.

Except when applying to horses and ponies, do not apply this product in a way that will contact workers or other persons either directly or through drift.

Except when applying to horses and ponies, only protected handlers may be in the area during application.

Do not make outdoor applications in the rain.

Remove or cover exposed food and feed and water before spraying. Do not apply to dairy animals.

Prozap® Final Fly-T has been especially developed for use on horses. It provides a protective hair coating against flies while imparting a high sheen to the hair when brushed out. 1 to 2 ounces per head per day gives adequate protection. Apply by either a soft cloth or fine mist spray.

USE TO WIPE ON: First brush animal to remove excess dirt and dust. Moisten (but do not wet to the point of dripping) a soft cloth and rub over the hair. It is best to apply by rubbing against the hair growth. Give special attention to the legs, shoulders, shanks, neck and facial areas where flies are most often seen.

Only a light application is required. Avoid using an excessive amount on your horses. Do not wet skin.

After application, brush out thoroughly to bring out bright sheen on the coat. Repeat daily as required.

USE AS A SPRAY: Final Fly-T may be applied as a fine mist spray to stable area and over and around stabled horses for fast paralysis and kill of flies. Do not wet horses skin or exceed two ounces per application.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

PESSTICIDE STORAGE AND SPILL PROCEDURES: Store upright at room temperature. Avoid exposure to extreme temperature. In case of spill or leakage, soak up with an absorbent material such as sand, sawdust, earth, fullers earth, etc. Dispose of with chemical waste.

PESTICIDE DISPOSAL: Pesticide spray mixture or rinse water that cannot be used according to label instructions must be disposed of at or by an approved waste disposal facility.

CONTAINER HANDLING: Nonrefillable container. Do not reuse or refill this container.

If empty: Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.
